5G Risks and Rewards for MNOs

Program: NextGen Strategies

Price: 500.00 EUR

Author: Jon Newman

Description: This presentation is an executive summary of the two reports previously published as part of the MWP program - 5G Business Opportunity and Risk Assessment for Operators - Part 1: Examining the Issues Around 5G and Challenges Involved in Paying for it (March 2018) and 5G Business Opportunity and Risk Assessment for Operators - Part 2: Use Cases, Market Opportunity and MNO Roles (May 2018). It includes the main recommendations for MNOs from both an economic and market opportunity point of view. A webinar will be delivered in support of this presentation on Wednesday 23rd May at 10AM (GMT).
